## Functions

- Heating guaranteed with outside temperatures of -20°C
- Can be locked in heating only
- Condensate outlet on the side of your choice
- Intuitive multi-function remote control
- 5 time ranges with different temperatures (reduced, weekly, holiday)
- Start-up and settings for the optional features can be accessed from the remote control.

*All our models  
can be locked in  
heating only*

## Design

- Thanks to the far-reaching circulation, the ceiling suspended unit is the perfect solution for shops. Fully built-in, it **frees up floor space**.

## Indoor units

- Nominal cooling capacities 7.1kW to 14.0kW
- Nominal heating capacities 8.0kW to 16.0kW
- Drain lines connectable in two alternate locations for easy installation
- Fully adjustable mounting brackets allow installation in even the smallest area
- Centrifugal multi-blade fan and automatic swing louvre creates a powerful, quiet and evenly distributed airflow.

## Remote controller

- Standard PC-ART wired remote controller (inc. 7-day time clock)
  - 4 programmable weekly schedules
  - Service menu, optional function menu and fault diagnostic
- Alternative option: infra-red or simplified remote control - see pages 238-239.

## Outdoor units

- Compact design – single fan (up to 6HP)
- SCOP of up to 3.80 A rating and SEER of up to 4.31 C rating
- Available in single phase and three phase

## Indoor units

- Nominal cooling capacity 12.5kW
- Nominal heating capacity 14.0kW
- Drain lines connectable in two alternate locations for easy installation
- Fully adjustable mounting brackets allow installation in even the smallest area
- Centrifugal multi-blade fan and electronic louvre with automatic movement creates a powerful, quiet and evenly distributed airflow.

## Remote controllers

- Advanced PC-ARF wired LED controller (inc. 7-day time clock)
  - 5 time ranges with different temperatures (reduced, weekly, holiday etc)
  - Service menu and optional function menus, *add your contact details to be shown when there is an error*
- Standard PC-ART wired remote controller (inc. 7-day time clock)
  - 4 programmable weekly schedules
  - Service menu, optional function menu and fault diagnostic
- Alternative option: infra-red or simplified remote control - see pages 238-239.

RASC 5 HVRNM1E

## Outdoor units

- Only Utopia IVX centrifugal on the market
- Installed indoors with field-supplied ductwork -ideal where external installation space is limited or planning restrictions apply
- Simple Wiring -Only one connection is required for the wiring between the indoor unit and outdoor unit and the total wiring length is reduced
- Low temperature operation as standard
- Flexible inlet air and outlet air option for easy installation
- Only 43cm high.
